

Grant Application Due January 31, 2023

The South Kitsap Public Education Foundation is accepting grant applications for the following areas of emphasis:

- Programs and/or materials that deepen and enrich student learning experiences, including existing programs/materials shown to be highly effective through rigorous evaluation
- Innovative STEM/CTE programs and/or equipment
- Field trips that extend learning beyond the classroom and professional development registration fees for teachers to expand their expertise
- Innovative programs that provide direct support to students who are underperforming in reading and math

Grant recipients are required to:

- collect and submit pictures, videos and other artifacts related to the grant's implementation to be displayed at Foundation events and shared with donors and supporters
- publicize their use of the grant and provide evidence of how the grant-funded program was promoted to the school community
- complete the SKPEF Grant Impact Summary detailing results of the grant-funded program no later than June 30, 2023.

The South Kitsap Public Education Foundation follows SKSD guidelines related to district level approval for specific types of grant applications (such as technology).

STOP! - Read the steps for submission:

1. Complete and print SKPEF grant application
2. Submit application to building principal for review and signature
3. Send signed application to Amy Miller at the District Office
4. SKPEF will send email notification to applicant upon receipt of application
5. Please note award amounts are not guaranteed and are dependent on several factors including the number of students impacted and available resources.

Amount Requested:	\$
--------------------------	----

Description of the materials/program(s) for which you are seeking funding

Purpose and goals of program or materials, including how the request fits within the foundation's areas of emphasis and academic standards

Is this program new or ongoing?
Will you have building resources next year to continue/sustain it?

Budget – Please include an itemized (and prioritized, if appropriate) list including any material, shipping and tax costs. Attach estimates, information or pictured examples if desired.

Please list any additional sources of funding for the program

Please list the number and grades of students being served

What is the timeline for this program/material's implementation? (expected date of use or start/end)

How will you measure the program's success?

Please indicate how will you publicize the Foundation's support (e.g. teacher website, school newsletter, parent letter, inscription on materials, newspaper, etc.)
